Strategy Notes

This Wildcard draft prioritizes **season-balanced** selection:

- Players chosen based on long-term metrics (PPG, total points, minutes)
- Cheap bench strategy to maximize starting XI quality
- Fixtures are considered but don't dominate selection
- All players are currently available (no injuries/susensions)

Note: This is a suggested squad based on current data. Always verify player availability and news before activating your Wildcard.

- **Balanced:** Good all-round choice. Template core with upside from differentials.
- **Aggressive/Differential:** Best if you're chasing. Higher risk but can gain significant ground.
